The Cole Nursery Co.

PAINESVILLE, OHIO

Complete Surplus List and L. O. S. List on Request

Introducers of

Truehedge Columberry

Plant Patent No. 110

and

Hardy Fuchsia "Senorita"

Not Patented

See Inside Covers

Hedges made from Columnberry growing in the nursery row. The first and only trimming, consuming one hours time, made these finished hedges.

COLE'S New Truehedge Columberry

BERBERIS THUNBERGI ERECTA (PLANT PAT. No. 110)

New Buddleias

Charming

New outstanding PINK Buddleia bearing throughout late summer and autumn, long sprays of lavender pink flowers. We like this variety the best of all and recommend it highly.

Concord. Purplish blue.

Dubonnet. Reddish purple; fine improvement on Ile de France.

Nearest true red introduction to date.

A GLORIOUS NEW SHRUB
Cole's 1940 Introduction. Not Patented.

Cole's Glorious. *Glorious Mockorange*—8'

(*Virginale* X *Rosace*). A Cole origination of great merit. Mammoth flowers of snowy white; large glossy rich green foliage of leathery texture densely set on the shrub. Strong upright neat growing compact shrub, profuse in bloom. A most prominent hybridist and horticulturist who has personally done a great deal of work on *Mockorange* proclaims Cole's Glorious to be the finest of all.

Cole's evergreens are properly sheared producing dense, symmetrical, colorful specimens.

COLE'S EVERGREENS are dense and shapely, they are root pruned, and they are properly spaced to give light and air on all sides. We will be happy to have you visit us and inspect our plants.

ROSES

We add a number of thoroughly tested roses to our collection each year and eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See Pages 58 to 62).

NORTHERN GROWN ROSES

Our trade recognizes the uniform quality, hardiness, and "trueness to name" of Cole's Painesville Grown Roses. We have guarded this reputation zealously and have gone to no end of labor to see that we had an ample crop for our regular customers in the face, many times, of adverse economic, trade, and weather conditions.

We hope you will bear in mind the conditions herein mentioned when selecting your source of supply.

Patented Hybrid Tea Roses

Peggy Ann Hoover. Quilled lavender pink. Late midseason—2½'	-----		
Saladin. Oriental red shading to coral red—2½'	-----		

NEW AND KOREAN CHRYSANTHEMUMS

Without question the greatest new creation in the perennial world. Korean Chrysanthemums are perfectly hardy—a requisite for satisfaction lacking in the old types; they are easier to grow and are more profuse in blooming. The lovely pastel shades defy description. Wonderful for table decorations and compelling for color effect in the garden.

		5 Each	25 Each
APOLLO.	Glowing bronze. Fall—2'	\$.12	\$.08
ASTRID.	Single shell-pink. Early-----	.15	.10

68 x 34	5800	7 1/2 to 8"-----	48.00	42.00	36.00	30.00

Ball sizes, weights, etc., are only approximate as varieties and soil causes them to vary.

Prices include loading on trucks.

Car loading on "Tree" sizes entails extra costs.

Platforms, if required, will be charged extra. Charge rebated if returned prepaid.

Be sure to add these costs when paying cash before shipment.

MASSACHUSETTS STATE COLLEGE AMHERST, MASSACHUSETTS

Department of Pomology

STATEMENT OF INSPECTION FOR TRUENESS TO NAME

October 14, 1941

To Whom It May Concern:

This is to state that all the saleable apple, pear, plum, and sweet cherry stock now growing in the nurseries of the Cole Nursery Company, near Painesville, Ohio, have been examined for trueness to name by A. P. French, O. C. Roberts, and L. Southwick and, as they now stand in the nursery row all trees are, to the best of our knowledge and belief, true to name.

(Signed) J. K. Shaw
Research Professor
of Pomology.

PRICES FOR BOXING AND PACKING

	Per foot over 6 feet	Per foot 6 feet and less	If Paper Lined, add 10%. Small Boxes, 35c to 1.00 ac- cording to size.
30 x 30 ---	\$.47 1/2	\$.50	
28 x 28 ---	.45	.47 1/2	
24 x 24 ---	.40	.42 1/2	
20 x 20 ---	.32 1/2	.35	Minimum charge ----- \$.35
16 x 16 ---	.27 1/2	.30	Up to 100 lbs., per lb. --- .01
14 x 14 ---	.25	.27 1/2	Excess over 100 lbs.,

Bales for bulky trees (grafted heads etc.), balled trees and other exceptions will be charged at cost.

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

5% OFF FOR CASH before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangements or account with us 2% 10 days, 30 days net.

No claims for rejections or deficiencies will be entertained unless made within 10 days after arrival of goods.

PLANT PATENT NOTICE — PROPAGATION RIGHTS RESERVED

The Truehedge Columnberry is protected by Plant Patent No. 110 under the U. S. Patent Laws. Asexual reproduction or disposition by sale, gift or otherwise, of scions, buds, or cuttings for such reproduction is prohibited unless license is previously obtained from the patent owners. Unauthorized reproduction, sale, or distribution of propagation material of this plant will subject the one engaging in the same to prosecution for infringement. For resale at Retail Only except under license from the patent owners.

The above conditions also apply to all other patented plants which we sell.

Cole's 1942 INTRODUCTION

HARDY FUCHSIA "Senorita"

Not Patented

SEGORITA is even more lovely than Fuchsia Scarlet Beauty, introduced in 1940, and so widely acclaimed by gardeners everywhere. Senorita is the first glorious offspring of the famed Scarlet Beauty original member of this special strain of Fuchsia riccartoni.

SEGORITA, hardy and of vigorous growth, comes into flower in early August and continues its abundance of strikingly beautiful bloom until severe frost—a period when color is so limited in the garden. Reaching maturity in about three years, the plant, strongly upright, attains a height of three feet with a spread of two and a half feet.

The jewelled, pendent flowers, fully two to three inches long, of flaming rose-red with corolla of bright mulberry-purple, are borne profusely along the stems and nestled in the outer fringe of foliage. The plant, never leggy, foliates from the ground up and is a pleasing bright glossy green, providing a color combination of rare charm and beauty.
